# CUDO<sup>®</sup>-FORTE

A UNIQUE COMBINATION OF PROBIOTICS

**Description:** CUDO Forte is a unique composition of Probiotics, intended to reduce the load of nitrogenous toxins in the body.

**Composition:** The unique preparation contains

Streptococcus Thermophilus  
Lactobacillus Acidophilus  
Bifidobacterium Longum

} **90 Billion CFU**

## The Concern:

When your body digests food, waste products are left behind in the bloodstream. Though toxic, this waste is usually filtered out of the blood by the kidneys and is passed as urine.

However, when kidneys are damaged, the toxic waste builds up in the blood. Eventually, these toxins wind up in the colon. When the toxin levels become elevated, they can cause a host of serious health problem.

## How CUDO Forte works:

The unique preparation of CUDO Forte prevents the release of the probiotic strains until they reach the colon, where toxins have accumulated. These Probiotic microbes use uremic toxins as nutrient. The "Toxin/Microbes" metabolite is eliminated as solid waste, thus reducing the burden of uremic toxins on kidney.

## May Benefits to:

- . Patients who are on dialysis.
- . Patients who have got strong resistance to invasive RRT.
- . Elderly patients.
- . Patients who cannot afford the cost of RRT.

**Dosage :** 1 Capsule Per Day.
